

Innovator September

We here at ORGA hope everyone had a great start to the new academic year! Check out the awesome grant opportunities we have to share this month, including a grant from the Simons Foundation for mathematics and physical sciences, grants from the National Science Foundation for advancing gender equity in academic STEM fields, and arts project support grants from the South Carolina Arts Commission. Make sure to check out the information on Fulbright's July webinars and on-campus funding opportunities through ORCA!

What kinds of grants opportunities do you want us to find? Let us know by emailing us at grants@cofc.edu or by contacting us on [Viva Engage](#).

See the [Funding Opportunities Spreadsheet](#) for upcoming and future grant opportunities!

Contact the ORGA staff with grant and research compliance-related inquiries at grants@cofc.edu and/or compliance@cofc.edu

Helpful Tips

How To Keep Up-To-Date With ORGA

ORGA now has a site on the CofC Hub! All the information on ORGA's website is being moved to the Hub, including the facts, figures, and rates page. Check it out [here](#)!

Make sure to check out ORGA's [Viva Engage Community](#) for even more from ORGA!

On-Campus Funding Opportunity

Undergraduate Research and Creative Activities (ORCA) at the College of Charleston

[The Office of Undergraduate Research and Creative Activities \(URCA\)](#) at the College of Charleston supports student research and creative activities by providing competitive grants to fund summer project costs and stipends, academic year project costs, and travel to conferences for undergraduate students and their faculty mentors. In addition, [the Council of Undergraduate Research \(CUR\)](#) a national organization of members representing over 900 colleges and universities dedicated to providing undergraduate research opportunities for faculty and students.

Contact URCA for more information and details at urca@cofc.edu.

[Major Academic Year Support \(MAYS\)](#): September 29, 2023.

[Research Presentation Grants \(RPG\)](#): January 20, 2024.

[Summer Undergraduate Research with Faculty \(SURF\)](#): February 9, 2024.

Fulbright

[The Fulbright Program's 2024-25](#) competition is open and the deadline is approaching. Check out the [archived webinars](#) that share details about the U.S. Scholar program, awards, and the application process. Individual webinars can be found at the bottom of each page.

The deadline for the U.S. Scholar Program: September 15, 2023.

Visit ORGA at our [website](#). We look forward to working with you on your research endeavors.

STEM

Targeted Grants in Mathematics and Physical Sciences: On A Rolling Basis

[Targeted Grants in MPS](#) supports high-risk theoretical mathematics, physics and computer sciences projects. Proposals should have exceptional promise and scientific importance. **Period of performance and funding level is dependent on the scope of work and what is appropriate for the proposal.** Indirect costs are limited to 20% of applicable direct costs. **Letter of Intent & Proposal both have a rolling deadline.**

ADVANCE: Organizational Change for Gender Equity in STEM Academic Professions: Due 11 NOV 2024

[The ADVANCE: Organizational Change for Gender Equity in STEM Academic Professions from the National Science Foundation](#) funds proposals that contributes to NSF's goal for a more diverse and capable science and engineering workforce. This opportunity seeks to fund proposals that focus on creating equity in academic professions in science and engineering. The proposals should be evidence-based systemic change strategies to promote equity in STEM. There are three types of awards, Adaptation, Partnership, and Catalyst awards. **Adaptation Awards up to \$1,000,000 for three-year projects, Partnership Awards up to \$1,000,000 for up to six years, Catalyst Awards for up to \$300,000 for two years. A preliminary proposal is due April 25, 2024, and the proposal deadline is November 4, 2024.**

HUMANITIES

Public Engagement with Historical Records: Due 2 NOV 2023

[The Public Engagement with Historical Records from the National Archives](#) supports programs with a strong focus on public engagement with historical records. The grant opportunity has an emphasis on forming collaboration among archivists, educators, historians, and people working in community-based archives to better engage with the public. **It funds projects between \$50,000 to \$150,000 with cost share. The application deadline is November 2, 2023.**

HEALTH SCIENCES

Secondary Analysis of Posttraumatic Psychopathology Date: DUE 8 JAN 2025

[The Secondary Analysis of Posttraumatic Psychopathology Data from the National Institute of Mental Health \(NIMH\)](#) is looking for research proposals to analyze existing and accumulating data to aid in refining phenotypes of posttraumatic psychopathology(ies), markers of onset and change, and risk detection. NIMH is also interested in research using available data to identify potential prevention and treatment targets and to advance and refine measurement and validation of potential novel targets for future development in experimental therapeutics research. **The proposal deadline is January 8, 2025.**

ARTS

Arts Project Support Grant: Due 4 MAR 2024

[The Arts Project Support Grants from the South Carolina Arts Commission](#) supports artists, organizations, and units of governments for arts related projects. This includes, projects, programs, build/increase capacity technically, online, and virtually, public art spaces, community arts development, and professional development for artists and arts administration staff. **The grant funds up to \$2,500 per fiscal year with 1:1 cost share for organization and 1:2 for artists. The application deadline is March 4, 2024.**
